

K-LOVE 88.3 FM Radio Station has wonderfully served my family and I the past 5 years or so. They offer family encouragement and upbeat music bridging the gap between young and old in our home. If K-LOVE were to be displaced by an LPFM broadcaster our family and community would be less united in vision. K-LOVE really brings our household/family together... in the car, at home, etc. Please don't allow the LPFM broadcaster to displace this radio station!!!
